

SmartMove Analytics Report

Palm Jumeirah Avg Price (AED/sqft): 36,345.09
Palm Jumeirah Volume: 1,678

District Performance Metrics

District	Avg Price (AED/sqft)	Volume (Units)
Palm Jumeirah	36,345.09	1,678

Summary of Findings

The current analysis is constrained by limited metadata, focusing exclusively on Palm Jumeirah. While the area shows a high price-per-square-foot benchmark, a comparative analysis with Downtown and Dubai Marina is currently impossible without further API integration. We recommend immediate ingestion of multi-district historical data to enable robust trend forecasting and market risk assessment.
